WORKPLACE WELLNESS TEAM

KIRK ANDERS **REAL ESTATE ADVISOR**

Anders Commercial Properties

Anders has 28 years experience in the commercial real estate arena representing landlords, tenants, purchasers, and sellers in many sectors. The past few months, Anders has been actively advising clients on matters related to rent relief, lease restructuring, and workplace wellness.

KORY KAPPES **JANITORIAL SERVICES**

ServPro

Kory specializes in loss disaster cleanup projects. Kory and ServPro are being called upon by numerous businesses to provide bioremediation services to clean, disinfect, and sanitize their workplace. He is an expert in CDC COVID-19 guidelines and has an Infectious Control Risk Assessor Certification (ICRA).

SARAH EVANS **OFFICE FURNITURE EXPERT**

Sarah is available to consult clients with recommendations of products available to adapt or adjust your existing furniture to allow greater comfort as employees re-enter the workplace. She can address long-term needs as we establish the new normal.

CHRIS TROXEL **CONTRACTOR**

Samson Construction

Chris Troxel has a diverse construction background spanning 25 years. Chris and Samson focus on special purpose construction projects including disaster, retrofits, and other projects arising out of special circumstances. With his disaster relief background, Chris and Samson are well suited to assess COVID-19 modifications for the workplace.

MARK WEST **HVAC AIR QUALITY**

Capital City Mechanical

For over 25 years, Capital City Mechanical Services has been a leader in providing commercial HVAC projects, service and maintenance in the Metro Atlanta and the Southeast. In 2020 Capital City has addressed Indoor Air Quality and evaluation of ventilation, humidity, allergens, and pathogens.

JOHN KNIGHT **HVAC AIR QUALITY**

Air Quality Systems

Air Quality Systems has long-standing relationships with the top mechanical contractor's in Georgia and has complete over 2,500 commercial cleanings in its history. AQS specializes in commercial HVAC Hygiene and Cleaning.
